Student Practitioner: Oct 2015 – Jan 2016 | Little Hands Day Care, Amblecote

Many of the skills I have learned to date will be beneficial to my future role in the technology sector. These include excellent organisational, leadership and social skills as well as strong mathematical, problem-solving skills. I am familiar and competent with the latest technology; often helping others with technological issues. I am also keen to tap into my creative side, having a flair for art.
